

## FLUSH DOORS

Is a convenient option for new construction or as replacement doors. Flush doors are 'semi -readymade' doors, made of plywood to certain standard specifications. They are meant to be fixed with standard hardware and can be easily installed anywhere. It can be used for any interior door, if you don't need it to be high security or expensive. For instance, flush doors are ideal for office cabins, partitions, room doors, bathrooms and closets. You can have the sliding kind made for closets and partitions without spending a whole load of money, yet making it really convenient and aesthetically pleasing. Ply also lends itself to various kinds of finishes, so you can go really creative with this one. We also Proud to deliver unique product MEMBRANE DOORS.
